Online Behavioural Tracking

To provide you with a better online information and service, your visit to this site will be recorded for analysis and some of this information will be gathered through the use of "cookies". Cookies are small bits of information that are automatically stored on a person's web browser in his/her computer that can be retrieved by this site. Cookies can make the site more useful by storing information about your preferences on particular webpages so as to assist our understanding of your interest in our website.

The information collected by cookies is anonymous aggregated research data and contain no name or address, phone numbers, e-mail or any other personal contact information. Most browsers are initially set to accept cookies.

The Company may appoint third parties to employ technology such as cookies to track website usage and activities at our website on our behalf. The information collected through technologies such as cookies is used to find out more about our users, including statistic about the users and their behaviour for improving the effectiveness of our marketing campaigns. Information recorded through the use of this technology are aggregated and then shared with us. No personal contact information about you is collected or shared by the Company with third parties as a result of this research.

Should you wish not to be tracked by these cookies you may do so by changing the setting on your browser. However, you may not be able to browse some of the features of our website, if you do not accept cookies. For more details on enabling or disabling cookies, please refer to your internet browser software instructions "Help" screen.

Internet Security Tips

- Keep your passwords to yourself and do not share them with anyone
- Keep your Operating System and Internet Browser updated
- Install and update your anti-virus software, firewall and anti-spyware
- Be alert to potential internet fraud, do not download or install unknown software and do not open any questionable files and emails
- Avoid using public computers to enter important passwords
